5TH ANNUAL
CASINO NIGHT
REIMAGINED

This year, the casino goes dark, but health wins. We're giving people a "night off" but doubling down on impact. Funds raised will help La Clinica deliver essential healthcare, feed families, and provide additional supports and gifts during the holidays. It's a big bet. Our community counts on us, and we'd like to count you in! Every ticket gives you an entry to win! We'll announce winners every day around noon for a week. And this reimagined event will also be a business booster.

This year rather than asking local shops to support us, we'll be supporting THEM with our raffle prize purchases. Think gift cards to local restaurants, stores and services around the District. We all need a win right now and we think Casino Night Reimagined is just the ticket.

See you at the drawing!

5TH ANNUAL
**CASINO NIGHT
REIMAGINED**
